Intersection Dangers to Become Charge of Citizen Committee

Heavy truck traffic will be banned between Route 3A in Marshfield along Acorn, Franklin and Lincoln streets and Route 14 in Duxbury beginning Sept. 8, but before that a citizen committee will be formed to address another dangerous traffic area in town at Bailey's Corner.

Holy Family's Monsignor William Glynn, through the Parish bulletin, solicited interested citizens to serve on a committee to draft a petition to the Town and State to see that traffic lights are installed at the corner of Chestnut and Tremont streets.
